Investor Program

COURSES

Basic Options: Introduces the fundamentals of option investing. Topics include buying calls and puts, covered calls and LEAPS. Options add portfolio diversification and this course explains the possibilities. You will learn how to use options to:

- Leverage your investments
- Make money in all market conditions
- Increase your cash flow
- Reduce your risk

Interactive: Stocks & Options: Over three intensive days, you'll dive deeper into the **Investor Toolbox®** and its capabilities than any other course we offer. Using an audio/video Webcasting application, you'll participate in eight weeks of three-hour online sessions. When the class is over, you will understand how to:

- Create short-term and long-term trading rules
- Identify specific entry and exit points for buying and selling stocks and options
- Develop a unique trading plan around your style of investing

TRADING ROOMS

In our online Trading Rooms, dive deeper into how advanced strategies are applied. See for yourself as Investools coaches demonstrate how they use the **Investor Toolbox®** to evaluate current investment opportunities. You can sign in and ask questions in real time or review each week's Q&A in the archives.
